

Palma, _____

PET RELEASE AGREEMENT

This agreement and release are to ensure that you understand and agree on the rules at play for staying at Kimpton Aysla Mallorca with your owner, _____.

I, _____, have been advised by my owner _____ that they will accept full financial responsibility of damages incurred by me during my stay at Kimpton Aysla Mallorca. This includes but is not limited to, the replacement of linens and furniture, deep cleaning of the room, carpet stains, spraying for fleas/ticks and disturbances to other guests. Any damage will be charged to the credit card on file. I understand that it is strongly advised for me to be accompanied and leashed at all times when walking around the public areas. If I am left unattended in the room, I know it is recommended for me to be placed in a comfortable and safe place.

My owner and I also take full responsibility in making sure that I will not disturb the staff and other guests – furry or not – of the hotel during my stay. Should there be such a disturbance, I understand that an emergency dog sitter may be retained at the discretion of the hotel for an hourly fee. I also confirm that I am totally healthy and have all my vaccinations.

I understand that I must be on my best behavior throughout my stay at Kimpton Aysla Mallorca, and making sure my humans leave the Pet Hanger Sign on our door at all times, so that the hotel team will know I'm there and need to come back later for the daily cleaning service (and bring me treats, if my humans allow).

I have free access to the entire hotel except the Spa, the Grand & Petit Shore, & La Illa swimming pools and my owner should walk me outside of the hotel fence.

Additional Info:

The guest may not leave pets unattended in the common areas, and in the case of dogs classified as Potentially Dangerous (PPP), they must be muzzled at all times. Notwithstanding the foregoing, in the common areas of the Hotel, pets must be kept on a leash or an alternative method of leashing that allows them to be quickly controlled.

In the event that a pet poses a danger to Hotel staff or guests, the Hotel may hire specialized personnel for its control and removal from the Hotel, at the guest's expense.
